K. Leslie Delk *says* :

“Garry and staff have been so great! They helped us in our move to Ireland and now that we have to leave, they have been helping us with that as well. During our time here, Garry has always been available for questions of all sorts and quickly responds. He has always been **professional**, **knowledgeable** and **friendly** and if I could take him back to the US with us, I WOULD DO!! Being a retired attorney myself, I know how easy it is to often get an attorney who is less than what you hoped for. Garry is one of the outstanding ones and I would recommend him without hesitation. Thanks Garry and staff for all your help through this time in Ireland.”

Damien Cullen *says* :

“I would like to take this opportunity to thank Garry, Jane and all the team for all the help and advice they have given me and members of my family over the last couple of years. They have dealt with a car accident case, personal injury case, a rent to buy agreement, will probate and property sales. I cannot praise each and every member of staff enough. They are **experts** in all these areas. They explained everything in great detail and kept us informed of all developments swiftly and professionally. They are very approachable and give great advice. Me and my family highly recommend this firm of solicitors to anyone with any queries about any legal matter.”
